**REMARKS/ARGUMENTS**

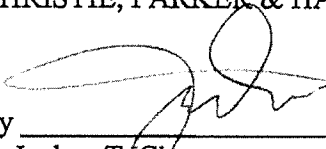

Claims 7-8, 14-16, 19-20, and 28-36 have been allowed in the January 6, 2011 Notice of Allowance.

Applicants acknowledge with appreciation the Examiner's rejoinder of previously withdrawn dependent claim 30, a multiple dependent claim depending from generic independent claims 7 and 15, which were both also allowed.

On page 2 of the Notice of Allowance, the Examiner has already approved the addition of a new figure to show the features set forth in claim 30. Therefore, Applicants have now amended the drawings to include a new FIG. 12 showing the features set forth in claim 30. Applicants have also amended paragraph [0046] of the specification to refer to new FIG. 12. Applicants submit that new FIG. 12 and the additions to paragraph [0046] present no new matter, as they reflect an embodiment which was previously presented and described in at least paragraph [0046] (as well as in claim 30). Accordingly, Applicants submit that these amendments to the specification and drawings should not affect the allowance of the claims, and respectfully request that the allowance of the claims be maintained.

If there are any remaining issues that can be addressed over the telephone, the Examiner is invited to call Applicants' attorney at the number listed below.

Respectfully submitted,
